

RIO HONDO WELLNESS HOSTS THANKSGIVING LUNCHEON

By Cardiel Matias, MCW II, Rio Hondo Wellness Center

On Tuesday, November 20, 2012, the Rio Hondo Wellness Center welcomed consumers and their family members to partake in the annual holiday feast that has become a wonderful tradition.

Since its inauguration five years ago, the Rio Hondo Wellness Center's staff and volunteers have worked diligently side by side to provide Rio Hondo consumers and their family members with a warm and festive meal. This year's organizers prepared a feast with all the fixings and trimmings that consumers have come to expect and enjoy. For many, this will be the closest they will come to having a Thanksgiving meal, a reality which happens to be the driving force behind this event.

This year's event was a complete success with a turnout of over 100 consumers and family members.
